The Bigger Picture Tools

## BIGPIC PROJECT

"The Bigger Picture Tools" project is about capacity building in organizations providing learning opportunities to adults. It is a project formulating a global competence framework for adults and adult educators and global training courses for educators. The project is being developed in response to ongoing global challenges in the context of sustainable development goals.

## PARTNERS

### [Bulgarian-Turkish Chamber of Commerce](#)

It is a Training Provider and NGO organization born in Italy. It carries out activities covering different sectors. It has 6 permanent members with 45 teachers recruited from universities or secondary schools.

### [ASES](#)

Offering a full range of occupational health and safety services (OHS), the company has modern laboratories and equipment to measure factors in the working environment.

The main objective of the Chamber is to contribute to the establishment and development of mutually beneficial cooperation. To unite the efforts of local and state authorities and chamber members in order to develop and maintain a business environment that promotes mutual trade and investments, to establish partnerships with businesses in Bulgaria and Turkey as well as with businesses in third countries. As a non-profit organization, the chamber is focused on opening new business areas.

### [PROMETEO](#)

ASES is a research company established to provide services in many research and development fields, especially in health and education, to contribute to the trends of the next century and to make a name for itself in this field.

## TRANSNATIONAL PARTNERS MEETING

The kick-off meeting of The Bigger Picture project, a KA2 project formulating a global competence framework for adults and adult educators and global training courses for educators, coordinated by the Bulgarian-Turkish Chamber of Commerce and Industry (Bulgaria) in partnership with ASES from Turkey, Prometeo from Italy and LOT from Bulgaria, was held. During the meeting, discussions were held around the agenda items. The ways to be followed in the progress of the project were discussed and decided. Modules created in the context of sustainable development goals were discussed.
