AIMS

The project aims to **increase capacity in organisations** providing learning opportunities to adults by improving **educators' knowledge** and pedagogical competencies to deliver global education and improve the **global competence of citizens**.

THE PROJECT

Increasing globalisation, an interdependent and digitally connected world, climate change and environmental degradation. **Education has a crucial role** to play in ensuring that **citizens develop** new **skills** and meet challenges and **opportunities**.
BIG PIC PROJECT helps adults become globally competent.

THE ONLINE COURSE - MOOC

It will provide adult educators with **necessary knowledge** and **materials** on global communication, human rights and justice, economics and globalisation, hunger and malnutrition, energy, environment and education.

Activities and self-assessment tools in a "click"!
